List players in order of strength, board 1 being the strongest.

Table with 4 columns: Board, Name, USCF ID#, Grade. Rows for boards 1-4, alternates optional, and three alternate players.

Coach/Sponsor: Certify that this order of players is consistent with the known playing strength of each player. The "board 1" player is the strongest, followed by "board 2," etc...

If using alternates... I have read and understand how to use alternates. This information can be found on the Team Regional Fact Sheets available at scichess.org.
